

## Early Returns Indicate Conservative Sweep

Election results from the Maritimes and Ontario would indicate that Hon. Arthur Meighen's higher protection policy has been supported solidly by the electorate in Eastern Canada and that he will in all probability be called upon to form the next government in the Dominion.

Large gains have been made by the Conservatives in the East at the expense of both Liberals and Progressives.

In Alberta the Conservatives have also made some gains, as both Calgary seats returned Meighen supporters by large majorities.

### Cooté Has Majority of 800 With 52 Polls to Come

122 polls out of 174 in the Macleod riding gives Cooté 4228, Herron 3429, Milnes 1563. The remaining 52 polls are expected to increase Mr. Cooté's majority.

### 9 a.m. Friday Morning Summary by Provinces

P. N. W.	Lib. 2	Cons. 1			Doubtful 1	Total 4
N. B.	Lib. 1	Cons. 10				11
N. S.	Lib. 3	Cons. 11				14
Quebec	Lib. 69	Cons. 4		Ind. 1	Doubtful 1	75
Ontario	Lib. 9	Cons. 71	Prog. 2			82
Manitoba	Lib. 1	Cons. 7	Prog. 6	Lab. 2	Doubtful 1	17
Sask.	Lib. 11	Cons. 7	Prog. 1		Doubtful 9	21
Alberta	Lib. 2	Cons. 3	Prog. 3		Doubtful 8	16
B. C.	Lib. 8	Cons. 10	Prog. 1			19
Yukon		Cons. 1				1
	91	118	13	3		20

These figures would indicate that the King government has gone down to defeat, and that the Conservatives will have the largest group in the new house, but have not got a clear majority over Liberals and Progressives.

### The Pass Votes For Herron.

West Coleman—Herron 114, Milnes 15, Cooté 40.  
Cardston—Herron 31, Milnes 20, Cooté 13.  
East Coleman—Herron 281, Cooté 121, Milnes 57, 3 spoiled.  
Central Coleman—Herron 166, Cooté 35, Milnes 46.  
Blairmore—Herron 403, Milnes 102, Cooté 98.  
Bellevue—Herron 236, Cooté 127, Milnes 53.  
Frank—Herron 54, Cooté 37, Milnes 18, 4 spoiled.  
Hillcrest—Herron 226, Cooté 45, Milnes 37.  
Burns—Herron 18, Milnes 11, Cooté 4.  
Pincher Creek—Herron 297, Milnes 165, Cooté 71.  
Paseburg—Herron 38, Cooté 10, Milnes 3.

### Alberta Links Up With Continent

For the first time in the history of Western Canada, telephone conversation was held on Sunday last, between Edmonton, Alberta, and Montreal, by way of Chicago and New York. Universal telephone service with the entire continent will be brought into effect by the Alberta Government Telephone system this week. The ceremony celebrating the event was held on Wednesday of this week, with Lieutenant Governor Brett of Alberta, holding conversation with Baron Ryck, Governor General of Canada, at Ottawa. The service now in effect makes it possible for practically the entire telephone system in Alberta to obtain telephone connection with all points in the western provinces, Eastern Canada and the entire United States, and even as far south as Havana, Cuba. By the system of repeaters now in use, an invented some years ago, it is possible for the human voice to be heard distinctly over great distances by phone lines, and this is the result of the establishment of the universal telephone service.

## LOCAL, PERSONAL AND GENERAL NEWS

### Say It With Flowers

When you require flowers artistically arranged for any occasion, at moderate prices, and of unexcelled quality, phone No. 13, THE COLEMAN TRADING CO., LTD., agents for Frache Bros., Lethbridge.

Butter exports via Montreal are more than twice as heavy so far this year as they were in 1924, and the movement of cheese is also larger, although not in the same proportion.

The Coleman Rebekah Lodge are planning to hold a bazaar on Saturday, December 12th.

Progressive Temple No. 3, Pythian Sisters annual ball takes place on Friday night of this week.

The many friends of Mr. Alex. Cameron will regret to hear that he is under the doctors' care suffering from congestion of the lungs.

Mr. Geo. Neil purchased Mr. Wm. Allan's residence, 6th street, this week and has taken up residence there.

Mrs. C. F. Dunlop gave a bridge party at her home last Thursday evening in honor of Mrs. F. Stokes, who left last week to take up residence at Evansburg, Alta.

Mr. and Mrs. Wm. Allan left Coleman on Tuesday night's train for Nova Scotia, where they intend residing in the future.

Mr. and Mrs. J. G. Field, of Tavistock, Ontario, are the guests of their daughter, Mrs. C. W. MacKinnon.

Miss Gladys Lees, who is taking a business course at the Garbutt College, Lethbridge, was a week end visitor to her home here last week.

Mrs. O. E. S. Whitelaw was the hostess at a delightful bridge party given in her home on Saturday afternoon of last week.

### Ten Practical Suggestions to the Parents of Little Musicians

1. See that the child's practice hour is not interrupted by friends or family. "Talent is developed in solitude."
2. Try to make the practice hour as regular as dinner or any other habit of daily life.
3. In cold weather have the room warm and comfortable. Children are easily distracted and careful work is not done when the fingers are stiff with cold, and the child in bodily discomfort.
4. A good instrument is essential.
5. If the child is small divide the practice hour in two periods.
6. At convenient times during the year arrange musicians in the home at which your child and his friends can play. Talk music, encourage music, expect your child to play well.
7. When you hear complaints of the teacher, make personal enquiry. Consult with the teacher often, he will appreciate your interest and co-operation.
8. If possible, get a victrola, and see that your children hear records by the great artists. There are also fine records of children's songs that the little ones can enjoy.
9. If you want musicians don't permit laziness and ragtime in your home.
10. Teach your children the best church hymns, and let them sing

### St. Alban's Parish Hall

On Wednesday next at 7.30 p.m. a big Whist Drive, 50 cents. Good prizes and refreshments with extra attraction during intermission of finals of Whist Tournament for which a case of McIntosh Apples has been donated by Mr. Oumette and a slab of bacon by P. Burns & Co. Come and have a good time.

At the weekly Community Night at St. Alban's Parish Hall on Wednesday, Mrs. Hancock won the Tea Drinking Competition and two visiting ladies were the evening's winners of the Whist Tournament.

This week the ladies of the Church are providing pie and coffee at 10 cents and there will be two prizes for the evening's leading players in the Whist Tournament.

### In Lighter Vein

Just about it! A flapper is a girl who powders her face, bows her hair and says: "Clothes, I'm going out; if you want to come along, hang on."

They sat together on the sofa and admired the new engagement ring. She looked at the diamond set and whispered: "Mr. John, isn't it clever?" "Only two more payments, dear," he replied.

Am I descended from a monkey? I dare say, but I'm not sure. I never met any of your father's people.

You're looking bad, Wullie." "Aye, I've been in the hospital and the doctors have taken away a nap appendix."

"These doctors'll tak' anything. It's a peety ye didna have it in yer wife's name."

God created women beautiful and foolish—beautiful so the men would love them; foolish so they would love the men.

The evening lesson was from the Book of Job and the minister had just read, "Yea, the light of the wicked shall be put out," when immediately the church was in total darkness.

"Brothers," said the minister with scarcely a moment's pause, "in view of the sudden and startling fulfillment of this prophecy we will spend a few minutes in silent prayer for the electric light company."

"It's the little things that count," commented the burglar, as he passed by the silverware and poured the contents of the jewel box into his pocket.

They arrived home late from the summer party. Wife took off her summer hat and slammed it on the floor. Then she confronted her hubby.

"I never take you to another party as long as I live!" she said. "Why?" he calmly wanted to know.

"You asked Mrs. Jones how her husband was standing the heat." "Well?"

"Well, her husband has been dead two months."

The winners of the Rebekah whist drive held last Saturday were: Mrs. J. L. Lombardy, 1st; Miss L. Hatfield, consolation; Mr. J. R. Emerson, 1st; consolation, Mr. Youngberg.

## St. Alban's Anniversary Services Well Attended

Special Music by Children and Forceful Message Delivered by Rev. H. L. Nobbs.

Sunday last was the 21st Anniversary of St. Alban's Parish. At 9 a. m. the Holy Communion Service was held and at 2.30 p. m. a Children's Festival Service. In the evening a crowded congregation attended, the music being rendered by the Children of the Church who were dressed in white for the occasion.

The Service opened with a Processional Hymn and included some fine hymns from the new Mirfield Hymn Book. The anthem was "God of Love and Truth and Beauty," words by Rev. T. Rice and music by the organist of Westminster Abbey.

The Priest in charge preached on the subject of Judas Macabean and his exploits against the enemies of Israel, urging the faithful few to be firm of faith and to stand shoulder to shoulder for the Faith of our Fathers. Mr. Boworth presided at the organ.

Thanks are due to Mrs. Burrows for her efforts in training the children who sang with enthusiasm under her direction.

As a memento of the occasion each child was presented with a badge inscribed with the name of the church.

## Sale of Poppies on Armistice Day

The distribution of Veteran Poppies as the "Flower of Remembrance" this year on Armistice Day will assume proportions far in excess of any year since the institution of the custom. Orders received by the G. W. V. A., which acts as distributing agent for Veteran Poppies, are now in excess of the total distribution last year by several hundred thousand. Approximately a million poppies were worn by Canadians last Armistice Day. This year it is estimated that the total distribution will exceed a million and three quarters.

## Well Known and Popular Businessman Goes to Kimberley

Mr. W. N. Donaldson, many friends and business acquaintances will regret to learn that he has decided to leave Coleman and enter business in Kimberley next week. "Bill," as he is familiarly known by his Coleman friends, has taken a very active part in all matters pertaining to the welfare of the town since coming here four years ago. He is an ardent lodge man and a keen supporter of all branches of sport, and his place will be hard to fill in the various organizations in which he was an active worker. His many friends will wish him every success in his new field.

Mrs. Donaldson and daughter Margaret, will remain in Coleman for the winter.

## Large Grain Movement From Vancouver

Speaking from his general knowledge of conditions, Leslie H. Boyd, C. E., chairman of the grain board of Canada, predicts that the port of Vancouver will handle at least 65,000,000 or 70,000,000 bushels of export grain during the shipping season of 1925-26.

## Is Freeze-Up Here? Query The Citizens

Icy Blast, Furnaces, Furs and Storm Windows Are Insignia of the Weather

Is it winter yet? If roaring furnaces, fur collars, red mitts, and a general scramble to put on storm windows indicate winter—then winter it is.

The persistent rumor of a final freeze-up has, according to some, passed beyond all doubt. How can there be any doubt, they say, when there is ice underfoot, snow in the air, and a frosty breeze plays about in the great open spaces?

Everywhere one hears the remark, "Think of the poor farmers." But grain experts are not despondent, even though it should remain chilly. Providing cold, dry weather continues, threshing will become general again in three or four days, they estimate.

Monday night, the temperature dropped to 9 below zero in Coleman and Tuesday was almost as cold, even though the snow clouds dispersed and old Sol shone brilliantly all day.

Weather reports from all over the West indicate that the cold snap is general, and it is the belief that King Winter is in the land to stay.

## Lest We Forget

On Armistice Day, November 11th, the local branch of the Great War Veterans of Canada have arranged the following:

At 10 a. m. all Veterans, members of the Council Friendly Societies and Patriotic Citizens are asked to assemble at the Veteran's Club. A procession will form and proceed to St. Alban's Church headed by the Union Jack for a service of Commemoration at 10.30 a. m.

At 11 a. m. the Silence will be solemnly observed after which the Veterans' graves at the Cemeteries will be visited.

All Veterans are urgently requested to turn out with their comrades.

### LEST WE FORGET.

N. Davis, President  
P. Smith, Vice-President  
W. Lane, Secretary

## Elk's Whist Drive and Dance Well Attended

The second social evening held under the auspices of Coleman Lodge R. P. O. E. on Friday evening last drew a large attendance and was greatly enjoyed.

The honors in whist went to Mrs. Amy Brown, Blairmore, 1st; Mr. Charles Makin, 1st, and Mrs. H. Antel and Mrs. H. Graf, consolation. Dancing and refreshments followed.

## Tennis Club Dance

The members of the Coleman Tennis Club held a very enjoyable dance on Wednesday night. During the course of the evening the handsome silver trophies presented to the club by Messrs. Geo. Kellock and O. E. S. Whitelaw, were presented to the winners of the ladies and single singles, Mrs. Kerr and Mr. Houghberg of Blairmore.

There was a large turnout of members and some visitors from out of town, and all thoroughly enjoyed the event. Delightful refreshments were served by the ladies during the evening.

### MALE HELP WANTED

Men the chance of a lifetime. You can earn \$12.00 to \$30.00 per day, your money daily, selling Universal Clothing. Suits full price \$17.50. Boys suits extra knickers full price \$13.85. for Eczema & Skin Troubles

**Am Buk**

## WORLD HAPPENINGS BRIEFLY TOLD

The Glasgow city council, by a vote of 40 to 36, resolved to ban all alcoholic liquors at civic banquets.

New York University has inaugurated its fourth year of college. More than a million students entered on the radio broadcast lectures last year.

Flaming of a necktie made of dental shells and cave bear teeth, and estimated to be 25,000 years old, at Les Eyzies, France, is announced by the museum of Heilbronn, Chicago.

Christian Krogh, noted Norwegian painter, is dead at the age of 72. He devoted himself largely to portraying sailors and fishermen and landscapes of a simple type.

An amateur at Perth, West Australia, has received a radio message from Sweden, transmitted with a power of only 15 watts. It is claimed this is a world record.

William Hurven, a pioneer of the business life of Toronto, and one of its best known citizens, is dead, aged 87. Mr. Hurven for many years represented Roman Catholic citizens on the board of education.

A footloose monoplane which can be held in the air with any one of its three motors and will travel at a 115-mile an hour clip, without control, has been built by the Dutch designer, Anthony H. G. Volker, noted Dutch designer.

The United Kingdom Alliance the largest temperance organization in Great Britain, is organizing a big campaign for the coming winter. The alliance states its object is to get local option rather than for out and out prohibition.

A string of 202 pearls, valued at \$30,000, lost more than a year, has been turned over to Paris officials. The finder of the pearls neglected to return them for a long period of time and then feared to make a report because of official questioning.

Active preparations have begun for the Amundsen-Ellsworth airship expedition to the North Pole in 1926. Twenty-five skilled mechanics left Spitzbergen to build an airship named at King's Bay. The expedition will cost \$300,000 and Lincoln Ellsworth has subscribed \$100,000.

Char Plant At Drumheller. Leaside Products Corporation, of Buffalo, will establish a char plant at the Midland mine in Drumheller within sixty days. It produced a highly efficient fuel.

Every man has a right to be an agnostic, but no man has a right to be proud of his lack of understanding.

## Women Can Retain Their Good Looks

Mrs. Wm. Fletcher of 28 Cherry St., Stratford, Ont., says, "Dr. Fere's Favorite Prescription is a tonic and nerve that I would recommend to every woman nearing middle life. I found it not only quieted my nerves, but it also relieved me of hot flashes, dizziness and headaches. Before I took the 'Prescription' I had the strangest sort of pain, like a knife cutting thru my back. I took four bottles of the 'Prescription' and can truthfully say every particle of pain has disappeared and I am feeling as well as any person could."

Go to your neighborhood drug store at once and obtain this prescription in tablet or liquid, or send 40 cents to Dr. Fere's Laboratory in Bridgeburg, Ont., for trial package.

W. N. U. 1900

## Prefers Orient to United States

Wealthy Bombay Merchant Says Western Civilization Lacks Spirituality  
After a visit of eight weeks in the United States, Hyram Cheloojee, a Parsi and a wealthy Bombay merchant, who sailed with his three daughters on the White Star liner Majestic on the last stretch of a trip around the world, found so little to like in our western civilization that he could not resist saying so. Chid in the conventional dress of the high caste in India, he issued a statement to this effect: He said that our boasted western civilization was in fact not a civilization. It lacked spirituality, which is the basis of all civilization, he said, adding that we needed to be re-civilized by the east.

"In the first place, there is no respect for parents here," he said. "In India I bow to my parents every morning, just as my own children bow to me. It is on respect and love within the family on which civilization rests, and the respect is sadly lacking in the western world."

"You Americans pride yourself upon your progress," he went on. "It is an amazing thing, but if you eliminate the spirit, what is there to it but so much machinery and so much construction? You cannot build up a fine, high civilization in the way that you are progressing here."

## Earache, Toothache Now Quickly Subdued

These are the sort of ills that call for a powerful and certain remedy. When your tooth is jumping, when you want ease and comfort in a hurry, you want something that will work from the very first. "Nervine," a new medicine, has proved the unfailing merit of Nervine call it "King over Pain." Certainly no family can afford to be without a bottle of this dependable medicine. Nervine is a protection against a hundred minor ills, such as toothache, earache, etc. Get a 35c bottle from your dealer to-day.

## Astronomical Unions

Canada is Represented At Meeting Recently Held in England

Canada's position in the realm of astronomical research is indicated by the leading part taken by the Canadian delegates at the second triennial meeting of the International Astronomical Union held at Cambridge, England, from the 14th to the 22nd of July, 1925. The union, which was formed in 1919, is now composed of twenty-two countries; Canada has been a member since 1920. General meetings of delegates are held every third year for consultation and the arrangement of international co-operation in astronomy. In the intervals between meetings international co-operation is looked after by twenty-eight standing committees covering the various fields of astronomical research. Canada is represented at present on nine of these committees and, considering the Dominion's population, this is perhaps the largest representation enjoyed by any country.

Canada's membership in the union is on behalf of the government, through the department of the Interior. The department has also caused to be organized a Canadian national committee of fifteen members to be the body of the union as it affects Canada.

## A British Monte Carlo

Premier of Malta Says Government Will Give Hotel Site Rent Free  
The British empire, already sufficiently varied and representative, is shortly to be added the only thing it now lacks—a British Monte Carlo. It is to be created in Malta, island which has sent many thousands of immigrants to Canada.

Dr. Hon. Ugo Miffo, prime minister of Malta, who arrived in London on an official visit, states that his government has decided to give the site of a great new hotel rent free.

"We shall build a casino near the hotel which will face the sea," he said. "Casino means a place for constructed, bathhouses erected, and a polo club and race course will be easily accessible. The government realizes that Valletta, the capital of Malta, is neither modern nor any enough to compete with Monte Carlo. A wide area around it, therefore, which has hitherto been kept by the military authorities, is now to be built on. It will mean the city now will be constructed."

Modern shops, theatres and beautiful buildings will spring up.

## Building Boom in Rome

Buildings are progressing rapidly, particularly in suburban sections of Rome, that the municipal authorities are unable to keep pace in furnishing names for the streets, and numbers for the houses.

Asop's prime first appears in literature, of about 570 B.C.

## How Robert M. Koenig Found Remedy for Pimply Skin

For years my skin would break out every once in a while—and sometimes did very little to help me. I read a doctor's article stating that pimply skin usually comes from stomach and bowels not getting rid of the poisons.

I tried Carter's Little Liver Pills for a few days—and since that time my skin is smooth and clear. Now I tell my friends the right way of getting rid of a broken out skin—and also of getting clear of upset stomach and sick headache. Carter's are all you stand for them.

## Five-A-Minute Boat Built in England

Fastest Cruiser of Its Class In the World

With the object of proving that Great Britain can turn out faster motor-boats than the United States, the Hon. Arthur E. Guinness has just had built to his order a cruiser which is said in London to be the fastest boat of its class in the world. It is fitted with a 450-horsepower Napier aeroplane engine and has an estimated speed of a mile a minute.

The boat, which has been named the "Onix II," weighs 31½ tons, and has accommodations for ten persons. When tested recently in rough water at Cowes it attained a speed of fifty miles an hour. It can travel in seas in which the ordinary motor boat could not live. The Hon. Mr. Guinness says his boat is considerably faster than those built in the United States for Lord Louis Mountbatten and Claude Graham White, and will be used to arrange races with their craft.

## Automatic Phones For Russia

Preliminary agreement has been concluded between the Soviet Government and the Ericsson Telephone Company, of Sweden, for the construction of three modern automatic telephone stations in Moscow and one in Leningrad. The cost will be \$2,500,000. The government itself will spend \$25,000,000 in the re-construction and equipment of its present telephone system.

Health cannot be looked for in the child that is subject to worms, because worms destroy health by creating internal disturbances that retard development and cause serious weakness. Miller's Worm Powders expel worms and are so beneficial in their action that the systems of the little sufferers are restored to healthfulness, all discomforts and dangers of worm infection are removed, and satisfactory growth is assured.

## Duties, Roads in Stockholm

Stockholm has been made a dust-free city through the use of fly in which wood pulp has been dissolved. Streets and roadways are sprinkled with the by-product, which has hitherto been wasted. Two weeks after treatment with the new liquid the surface of a roadway becomes smooth and hard, as though coated with some kind of asphalt.

Many mothers can testify to the virtue of Mother Graves' Worm Expeller, because they know from experience how useful it is.

## Corn Culture in the West

Corn is so widely raised in popularity throughout the west it is estimated that 100,000 acres were grown in Saskatchewan last year. Although seed was scarce in 1924 and the price rather high, the acreage will probably be slightly higher this year than last.

A total of 9,010 new books were published during 1924.

**DODD'S KIDNEY PILLS**

FOR KIDNEY DISEASE  
BRONCHITIS, ASTHMA, RHEUMATISM, GRAVEL, DIABETES, ETC.

23 THE PROMISE

## CLIPSE FASHIONS

## The Flaring Silhouettes

A fascinating, flaring line—this is the picture of the autumn mode. The flare at the sides sponsors the new freedom of motion for fall in tailored frocks. Chic, practical and simple in design is this crepe-satin frock with the convertible collar extending into long tails either side of the neck opening. The tailored details are long and snug-fitting at the wrist. The circular blouse with pointed top is divided into two sections and joined to the plain front and back at the hip-line. The back section of the blouse may be omitted, leaving a plain, plain back. The diagram pictures the partly finished garment, and pattern No. 1201 is in sizes 34, 36, 38, 40 and 42 inches bust. Size 38 bust requires 3½ yards of 36-inch, or 3¾ yards of 40-inch material for the plain dress, and 1½ yards of 36-inch, or 1¾ yards of 40-inch extra material for the circular blouse. Price 20 cents.

Our Fashion Book, illustrating the newest and most practical styles, will be of interest to every home dress-maker. Price of the book 10 cents the copy.

Needs No Piloting Skill

Latest Type Helicopter Has Been Successfully Demonstrated

The helicopter or autogyro invented by Don Juan de la Cerva, made a third successful flight at a Farnham, Eng., achieving a speed of 70 miles an hour, then hovering in the air and landing gently after an almost vertical descent.

"I need no piloting skill whatever," said Capt. Courtney, who flew the machine.

The inventor, de la Cerva, tried about 30 designs before evolving the present type. He said that the autogyro needs a take-off space of only 20 yards and will be able to land on a ship's deck or carry mails to the centre of a city and alight with them on a platform erected above the buildings.

"It is rapidly taking place of Old Wooden Plows."

Gradually the American tractor is making triumphant progress in Russia. It is being distributed by the co-operative organizations on easy terms of payment to peasant communities and is replacing the old wooden plow. Up to 1914, there had been imported into Russia only fifty tractors. At the beginning of 1925, the government had brought its purchase up to 4,335. The importing programme for this year provides for the purchase of an additional five thousand.

## Burned Money Redeemed

United States Treasury Issues Cheque For Charred Bills

A tin box containing charred paper, which a woman took to a bank in Hanford, Calif., represented, she said, \$1,100 insurance money received upon the death of her husband. She had placed the box beneath the cover in her cook stove, and her children had built a fire. The box was sent to the United States treasury and a government cheque for \$1,080 was received for the widow. The accompanying document bore the notation "short of cost \$20."

## Rats Cause Much Damage

Britain's Annual Loss Through Rodents Is Said to Be Enormous  
Owing to the recent invasion of Buckingham Palace by rats and their increase throughout the country, the Anti-Rodent Society has started its fall campaign, urging housewives, storekeepers and all other patriotic citizens to "do your rat-killing early," says a dispatch from London. The country has been aroused to action by a recent statement estimating the annual loss in England through rats at approximately £70,000,000 sterling.

A church in Cornwall, Eng., has a devil's door, through which the devil is supposed to pass out.

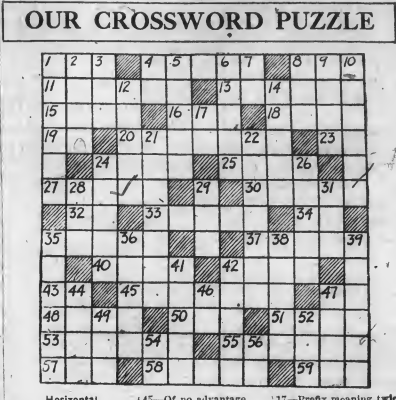

An umbrella mender died recently leaving an estate of \$125,000.

## The Tractor in Russia

It is rapidly taking place of Old Wooden Plows.

Gradually the American tractor is making triumphant progress in Russia. It is being distributed by the co-operative organizations on easy terms of payment to peasant communities and is replacing the old wooden plow. Up to 1914, there had been imported into Russia only fifty tractors. At the beginning of 1925, the government had brought its purchase up to 4,335. The importing programme for this year provides for the purchase of an additional five thousand.

## Burned Money Redeemed

United States Treasury Issues Cheque For Charred Bills

A tin box containing charred paper, which a woman took to a bank in Hanford, Calif., represented, she said, \$1,100 insurance money received upon the death of her husband. She had placed the box beneath the cover in her cook stove, and her children had built a fire. The box was sent to the United States treasury and a government cheque for \$1,080 was received for the widow. The accompanying document bore the notation "short of cost \$20."

## Rats Cause Much Damage

Britain's Annual Loss Through Rodents Is Said to Be Enormous  
Owing to the recent invasion of Buckingham Palace by rats and their increase throughout the country, the Anti-Rodent Society has started its fall campaign, urging housewives, storekeepers and all other patriotic citizens to "do your rat-killing early," says a dispatch from London. The country has been aroused to action by a recent statement estimating the annual loss in England through rats at approximately £70,000,000 sterling.

A church in Cornwall, Eng., has a devil's door, through which the devil is supposed to pass out.

## THE TREATY OF LOCARNO

The recent treaty of Locarno, participated in by several of the powers of Europe, has made handshakes grow where only swordthrusts grew before.

In all the history of international relations seldom has there been a conference so happily concluded, where former enemies left the conference table with smiles and mutual expressions of goodwill.

The parliamentary bodies of France, Germany, Great Britain, Belgium, Italy, Czechoslovakia and Poland, whose plenipotentiaries signed the Locarno document for the security of Europe, can ill afford to withhold ratification in view of the avalanche of popular approval of the treaty thus far shown. Every thinking person surely must recognize in the result of the Locarno conference a new deal in the affairs of Europe which will insure a more hopeful outlook for general peace and prosperity. After all, world peace may not be so very far away. It will come through intelligent understanding among the peoples of the earth.

Who remembers when we thought we had to keep a black suit on tap in the clothes press for funeral purposes?

The soldier who used to carry a Bible in his coat to stop the bullets might get along very well nowadays with a Sunday newspaper.

Another sign of world peace is in naming a pair of Japanese twins Laverne and Conrad.

Some people don't know what to do with their religion after they get it.

Bandits are getting so bold they don't "band." Singly, they are "it."

Love will find a way: even thru heavy traffic.

The golden rule has a silver lining.

### "Fairy Stuff"

1,000,000 B. C.

Little Fairy: (To Cave Man) Some day, thou Cave Man, thou wilt know how to construct thy house of timbers and thatch the roof thereof with reeds, straw and palm leaves.

Cave Man: Ugg! Blah! Impossible! Never shall I know how to improve upon this, my rocky cavern.

4000 B. C.

L. F.: Ah! I would tell thee, worthy Patriarch, soon wilt thou learn the mechanical principles of the lever and the wheel, so that thou canst lift thy heavy loads, bear thy burdens and build thy temples more easily and more speedily.

W. P.: Indeed, I would learn, but thou talkest like a mad fairy. Can any contraption of man have greater power than the camel?

1000 A. D.

L. F.: The time will come, my feudal lord, when great explosion of gunpowder will send a metal ball over into the enemy's stronghold with more deadly effect than the rock thrown from that catapult.

F. L.: Rave on, little fairy! But we have reached the limit of deadly warfare. I will not listen to your outrageous gesticulations. Were it possible to deal with fairies I would have you thrown into the dungeon.

A. D. 1800.

L. F.: Behold, dear people, you soon shall ride in horseless vehicles, talk over wires and without wires, hear the voices of the dead from waxed plates and see them move on the silver screen. Around your fire-sides you will listen to your favorite operas, and select your favorite candidates by the speeches that reach your ears from across the continent. You will travel 200 miles per hour by air, and do other marvelous things.

D. P.: Hang that fairy witch! she is ungodly! We want no enlightenment! Intolerance to education and advancement is our motto!

A. D. 1925.

L. F.: Younger generation, you and your children and your children's children will harness the tides for electric power, utilize the heat of the earth for warmth, treat the skies and produce rainfall at your pleasure. You will watch the world's series by your fireside, see every play and hearing every call of the umpire. You will communicate with people on other planets. You will transform billions of electrons into energy for commercial use. You will overcome disease. Even as I utter this I read of the actual motion of a sensitive metal coil due to the magnetic force of the human eye while gazing steadily at it. You will learn what mind is and what matter is not. Indeed, you will operate machinery by the power of mind. Finally, younger generation, you will become so far advanced and so cultured and courteous that you will not chat and gossip through the post office window when the next fellow in line is in a hurry to buy some stamps.

Reader: Blah! What nut wrote that?

Back from an extended tour of inspection over the company's western lines, E. W. Betty, chairman and president of the Canadian Pacific Railway, found a very marked improvement in the West as compared with that which had existed when he last went across the country. He thought the spirit of the people was much more optimistic and with very good reason since he considered it safe to say that 380,000,000 bushels was not too high an estimate for the total Canadian wheat yield this year. He noticed throughout the country a sustained interest in immigration and a more general realization that therein lay the soundest remedy for most of Canada's difficulties.

## Great Soprano Greets "Grand Young Man" of C. P. R.

Maria Jeritza, famous singer, at Canadian Pacific Windsor Station, Montreal, with a bouquet presented to her by her friend Col. George H. Ham, of the C. P. R. (Inset) Candy roses in a candy vase presented by Miss Jeritza to Colonel George H. Ham.

How is Colonel George H. Ham of the C. P. R.? This was one of the first questions asked by Maria Jeritza, the most celebrated soprano of our time, when she visited Montreal on October 29th, 1925. She expressed regret when she learned that the Dean of Canadian Journalists was indisposed, and she sent him a bouquet of candy roses in a candy vase with the wish that his life may long continue to be "lovely as the roses and sweet as the candy." Colonel Ham sent Jeritza a bouquet of cut flowers.

When Jeritza was last in Montreal on March 12th, 1923, Colonel Ham

conducted her around Canadian Pacific Windsor Station. Since that time she sang in many countries, being hailed everywhere as a goddess of song and a queen of beauty. Seldom, if ever have such personal charms and the gift of a great voice and wonderful dramatic powers been combined as they are in Maria Jeritza.

A few weeks ago she sang in Covent Garden, London, with great success, winning the plaudits of great audiences.

Jeritza includes English in the many languages she speaks, and at an interesting chat with the engine men who guided her train to Toronto, where she sang on October 10th. She gave the engine men some roses from bouquets received from appreciative members of her Montreal audience.

In private life, Maria Jeritza is the wife of Baron Popper of Vienna, described by Colonel Ham as "one of the finest looking men I have ever seen." Baron Popper stands well over 6 feet in height. He and the golden haired, blue eyed, pasty mouthed Baroness make a perfect pair.

Jeritza spends most of the winter singing at the Metropolitan Opera House, New York.

Southern Alberta is Beekeeper's Paradise

Upper—Examining the bees in George Riedel's colony in the Cascade district.  
Lower—A colony of bees in the Kootenai district.

Southern Alberta's irrigated districts, with their large fields of alfalfa and sweet clover, promise to become the beekeeper's paradise within the next five years.

Two years ago, less than 10,000 pounds of honey were produced in Alberta. Last year, 60,000 pounds were produced—and 82 carloads imported into the West to supply the demand. This year, on the C.P.R. irrigated project at Lethbridge, there will be produced more than 100,000 pounds. And this is just a start.

"Southern Alberta's irrigated districts will be shipping trainloads—not carloads—of honey to the markets within five years," declared Frank C. Peletz, field editor of the American Bee Journal, Hamilton, Illinois, on the occasion of his visit to Southern Alberta late in July this year. "This is the greatest potential honey producing district in North America."

Today, one apiarist in the Cascade district on the C.P.R. irrigated project has 600 colonies of bees. This man, C. George Riedel, came to Southern Alberta from California in the spring of 1924 and started with 300 colonies. In 1926 he will have

1800 colonies and will make more than 160 tons of honey. This year his bees will make him about 50 tons, and one wholesale firm having branches throughout the West is handling the whole output.

Each colony of bees makes about 200 pounds in a season, though one colony at the Lethbridge Experimental Farm broke all records for

Canada by making 478 pounds in the season of 1925. A record of 21 pounds in one day by one colony was made in 1923 when the bees at the Experimental Farm averaged 148 pounds for the season, the high record for the year at the experimental farm across Canada.

### The Question Is

Have you paid your Subscription to The Coleman Journal for 1926? A prompt renewal will be appreciated. Thank you.

#### Here and There

"Canada has the greatest opportunity of any community on the face of the earth," stated St. Lee Strachy, editor and proprietor of the London Spectator, in the course of a recent address before the Canadian Club. He stressed the advantage the country enjoyed in her large wheat area, electrical energy, wood pulp and mineral assets.

Between 30,000 and 35,000 men are expected to work in the forests of the Province of Quebec during the coming winter, according to the chief forester of the province. It is anticipated there will be a good season in the pulp and paper products, but that the cut of lumber will not be so heavy owing to the low prices prevalent for sawn lumber.

Cordial relations between the ports of Quebec and Liverpool were emphasized recently by the exchange of letters by the respective Chief Magistrates of the two cities. The occasion was the Civic Week Celebration at Liverpool, when the Lord Mayor, Thomas Dore, and Mayor Joseph Samson, of Quebec, greetings to which the latter responded.

## A Great Teacher

ADVERTISING conducts a public school. Its pupils are all the readers of the home paper—in short, the whole buying community.

ADVERTISING teaches that loyalty to the home merchant brings real returns in better service and better values. It's a lesson that requires the repetition afforded by the weekly arrival in the home of "The Journal."

You can teach the public to rely on your Advertisements as safe guards to economy and satisfaction in shopping. Moreover, people appreciate being asked for their patronage.

Progressive Merchants Advertise.

Read the Advertisements. Shop where you are invited to shop.

## FINE PRINTING

at : : : :  
Reasonable Prices

is what you get when your order is placed with The Journal. We have every facility to produce quality printing in large or small quantities in record time. Place your next order with us and become one of our numerous satisfied customers.

## Counter Check Books at Low Prices

The Journal can fill any order for counter check books at competitive prices quoted by travelling salesmen and we guarantee a superior article to that "peddled" by any transient trader. An order placed with us will convince you.

## RIFE OPERATIONS AGAINST ENEMY ARE EFFICIENT

London.—In spite of the recent success of the French and British forces in Morocco, news received at Gibraltar seems to show there are still incidents which do not appear in the official communications and that even now the position of the Spanish side in Melilla and the French on the eastern front may not be altogether secure.

Last Sunday, near the junction of the Franco-Spanish forces on the eastern front, the French are said to have lost four complete battalions through a determined Rifian attack, and but for the presence of a Spanish air squadron, the situation would have become serious. With the help of the Spanish army, however, three guns were recaptured.

It is reported that on the same night a Spanish outpost in the Alhucemas section was attacked by Rifians, dressed in the uniform of the Spanish native troops. The occupants of the posts were holding a concert and were completely surprised.

The whole garrison of 46 men is reported to have been taken prisoner with the exception of the lieutenant in command. The Spanish losses around Alhucemas are officially reported at 1,000. The Rifians are believed to be waiting the seasons for the rains which will prevent support from the sea and rains before launching an attack on Alhucemas.

## Remove Bullet From Heart Of Soldier

Wounded in 1915 Man Has Been Discharged As Cured

London.—Mike Kelly went to war and was wounded. He came back with a bullet in his body and a pain in his heart.

Now, ten years after the bullet ripped into him, it has been removed from his heart. Mike has just been discharged from Queen Mary's Hospital, his case record reading "completely recovered."

Relly was shot in the lung at Neuve Chapelle, in the spring of 1916. Surgeons probed for the bullet but could not find it; the patient recovered and returned to the front in 1916.

This spring Relly complained of pains. He was X-rayed and the bullet was found lodged in the muscle of his heart. Getting the bullet out was as painful and dangerous as getting it in, but Mike survived the delicate surgery.

## Great Reduction In Western Turkey Crop

Production Will Be Considerably Less Than Last Year

Ottawa.—The turkey crop throughout Western Canada this year will be a short one, according to information which has been received by the Dominion livestock branch at Ottawa from its representatives in different sections. A prolonged cold and wet spell through the latter part of May and June played havoc with the hatching and rearing in Manitoba, decreasing not only the number of birds on the farms, but also their quality. It is estimated that in Alberta there will be a reduction of probably 25 per cent. from last year's crop.

## New Arrival

Showed Enterprise

Wins Prizes For Dairy Products Four Months After Coming to Canada

Ottawa.—Four months after her arrival in Canada, Mrs. W. N. Smith won prizes for her butter, cream and cheese. Mrs. Smith, who, with her husband and six children, came to Canada from Glamorgan, Wales, under the British Emily farm experiment scheme in May, is now living near Milner, British Columbia, and at a fair fall held there won first prize for fresh butter, first for fancy butter, first for cream cheese, and second for clotched cream.

Air Traffic Gunned Up

Chicago.—A traffic cop in the sky to guard crowds from stunt fliers is planned by Morgan A. Collins, police chief. He will ask the city to provide the police department with a small private plane, equipped with a repeating rifle and powerful searchlights.

Canada Trade Pact

Kingston, Jamaica.—The Legislative Council have ratified the trade agreement between Canada and the West Indies. Several members of the council expressed the hope that Canada would give preference to Jamaica oranges.

W. N. U. 1900

## Adverse Comment On Photograph Of Prince

Fancy Dress Picture Destroys Dignity Of His Position Says London Paper

London.—Adverse comment is appearing in the newspapers with regard to the press photograph of the Prince of Wales dressed as a girl for appearance in amateur theatricals which was taken about the H.M.S. Regent on his way home from his trip to West and South Africa, and South America, and it is presumed this photograph has been circulated the world over. The photograph itself is harmless, even innocuous, the Prince's familiar features being scarcely recognizable. He is seen standing with a couple of male companions who also are in fancy dress.

The Manchester Guardian says: "The American press, as well as the English press, had dwelt on the importance of an Ambassador of the Empire, and it was felt in England that a new atmosphere should be created by the visit of His Royal Highness had come to the Prince and had been diffused throughout the world. Then comes this ridiculous, unnecessary, unfortunate photograph which goes to the world at the same time as goes the serious estimates of his services and character."

## Predicts Radio Development

May See Newspapers As Complete Pictures In Forecast

Chicago.—Radio has a future in which entire newspapers will be flashed as complete pictures.

International broadcasting will be commonplace entertainment. Institutions will penetrate to the remotest corners of the world and static will be chained a captive.

This is the vision of Major General James G. Harbord, president of the Radio Corporation of America, revealed at the conference on education and industry at the University of Chicago.

In the near future, Major Harbord thinks, "there must be an international conference to solve grave issues that cannot be much longer delayed."

## Disarmament Note Not Wholly Accepted

Germany Objects to Aims Demanded Regarding Polish Obligations

Berlin.—Herr Von Hoess, German ambassador to France, who has been in consultation with the foreign office, will shortly return to his post in Paris bearing the German Government's final reply to the allied recent disarmament note. Fundamentally the German Government is prepared to meet the requirements upon which the evacuation of the Colonies was made contingent. The only point on which an accord has not yet been reached concerns the demand of the allies that designations as to rank in the German police organizations shall be abolished.

## Settlers From Ukraina

Mennonites Arrive in West For Land Settlement

Saskatoon.—A party of 659 Mennonites from Ukraina have arrived here and will take up farms in Saskatchewan and Alberta. Most of the party will locate in the Southern district. Approximately 100 will settle in the Saskatoon district while some will go to Alberta where arrangements have been made to locate a fairly large number.

The party was brought to Canada under the auspices of the Mennonite Colonization board which has its headquarters at Rosthern.

Tribesmen Subdued By French

Damascus, Syria.—The French troops have succeeded in crushing the most serious revolt started by the Druse tribesmen since France's occupation of Syria under the League of Nations mandate. The trouble was not put down, however, before a bitter battle had been fought and an entire quarter of the city of Damascus had been virtually ruined. Artillery, tanks and armored cars were used by the French.

U. S. Bands Destroyers

Washington.—Two United States destroyers have been ordered from Gibraltar to Alexandria, Egypt, to remain in readiness there for use in the event of a crisis should their presence be necessary for the protection of American lives and property.

Poland Gets Loan

Warsaw.—Poland has been successful in negotiating a loan for \$100,000,000. M. Grabski, premier and minister of finance, informed the Warsaw press. The present loan is to be devoted to economic restoration particularly for the new province of Poland.

## Captain Of Liner Is Shot

Melita Is Killed At Antwerp

Antwerp, Belgium.—Captain A. H. Clews, commander of the Canadian Pacific liner Melita, was shot and killed in his cabin on the Melita while he slept. Thomas Towers, first officer, was arrested, charged with the murder. Towers' terrible deeds are thought to be those of one mentally irresponsible.

Captain Clews was a nephew of the late Henry Clews, of Lombard Street, and Wall Street, who died in 1922. Two other officers of the Melita were seriously wounded by the captain's murderer and are in an Antwerp hospital. They are David K. Gilmore, of Glasgow, assistant chief engineer, and John Holliday, of Broomfield, second engineer.

The account of the tragedy which the Towers went to the captain's cabin at 2:40 o'clock in the morning. A pistol shot was heard and the captain was found dead with a bullet wound in his head. The police say that Towers then entered Gilmore's cabin and shot the engineer in the face.

The noise of the firing brought other officers to the scene, and in a struggle with Towers the second engineer was shot twice in the lungs.

Other members of the crew were almost overpowered by Towers and disarmed him.

## GREECE DEMANDS HEAVY INDEMNITY FROM BULGARIA

Athens.—Greece has demanded an indemnity of 2,000,000 French francs from Bulgaria for what Greece contends was an unprovoked attack upon Greek soldiers at the frontier near Demirhisar. Other demands are set forth, such as an apology and punishment of the responsible Bulgarian officers, in an ultimatum sent to the Bulgarian Government.

Premier Pangalos declared this evening that Greek troops have not entered Bulgarian territory, but have been stationed along the frontier. The initiative for additional military measures, he added, was left to the general command of the Third Army Corps with headquarters at Thessalonika. The shooting of frontier guards near Demirhisar, on the Greco-Bulgarian frontier, is the cause of the trouble.

## Zionist Student Called Martyr

Danish Charge of Attempted Assassination of Polish President

Warsaw, Poland.—Poland appears to be threatened with a Dreyfus case arising out of the attempted assassination of President Wojciechowski by a bomb at Lemberg last year. A Zionist student, Stanislaw Slawski, who was seen running away after the bomb was thrown, was arrested by the police on the deposition of a ballet dancer, Mlle. Pasternak. "Steiger vehemently" provided his name and address, but, declining to enter his name when the bomb was thrown, for self preservation.

The Jewish population is greatly agitated over the case, regarding Slawski as a martyr and is doing all it can for his defence.

## Nominated For Peace Prize

Movement in Berlin to Award Nobel Prize to Streamman

Berlin.—A movement to have the Nobel peace prize awarded to Gustav Stresemann, the German foreign minister, has been started by the National Zeitung.

The proposal has as its motive the desire for international recognition of the minister's efforts and achievements toward establishing world peace and "the necessity of counteracting existing international and German propaganda by German international propaganda."

Alluding to Dr. Stresemann's qualifications for the Nobel prize, the paper declares "there never was a statesman or other person so active in promoting universal brotherhood and a new era of post-war peace."

Wine Gold Medal For Butter

Regina.—Winning a gold medal for butter in the unassisted class, Chris Hansen, employee of the Saskatchewan Creameries, Regina, defeated competitors from New Zealand, Australia, South Africa and the Channel Islands in a competition held by the colonial department of the London dairy, for butter making.

To Make Dry Thanksgiving

New York.—Prohibition authorities have a list of cabarets and restaurants where champagne and other liquors are being served freely. A dry Thanksgiving day is predicted.

## OUR CURRENCY AT HIGH LEVEL ON N.Y. EXCHANGE

New York.—The heavy transactions of recent date in Canadian wheat and the increased demand from tourists for the Dominion's currency are given by officials here as accountable for the high premium of 6-3/4 of one per cent. quoted on the local exchange for the Canadian dollar, which is necessitating gold shipments across the border.

In the present situation it is more probable 6-3/4 export gold to the United States than to buy Canadian realizations for transfer.

The Bank of Montreal in New York is understood to have shipped about \$500,000 in gold during the last week and the New York Trust Company is contemplating about \$2,000,000 worth of the metal to Montreal.

## Object To Use Of Title

Wife of Former Emperor of Germany Opposes Republics

Rutgart, Germany.—Efforts by the Republican Guards to begin proceedings against Princess Hermine, wife of former Emperor William, for alleged unlawful usurpation of the title "Kaiserin Hermine," have failed. An attempt to lodge a criminal complaint against her under the penal code, was made at Nuremberg, but the court there passed the allegations along to another court, which declined to proceed the charge to the district attorney. Likewise the public prosecutor would not take any action.

It was charged that Hermine designated herself as "wife of His Majesty William II, former Emperor." It was also alleged that she was registered in the list of visitors to the Silesia at Wildbad as "Emperress and Queen," and that a local photographer secured picture postcards of her with the words, "Kaiserin Hermine, in Wildbad, 1925," on them.

## Western Sugar Beet Refinery

Alberta Sugar Product Is Now Placed On The Market

Lethbridge, Alta.—The first bag of sugar from the new factory of the Canadian Sugar Refineries Limited, the shooting of frontier guards near Demirhisar, on the Greco-Bulgarian frontier, is the cause of the trouble.

About 25 per cent. of the beets have been harvested, operations having been delayed owing to wet weather. There are 200 men employed in the factory while 500 are busy digging, topping and hauling the sugar beets.

With threshing and best harvest there is a keen demand for men throughout Southern Alberta, and will be for another month. Beets are averaging heavier than expected, some going 20 tons to the acre. The average will probably be about 12 tons. The average sugar content is 18, which is two per cent. higher than in most United States beet growing districts.

## National Economic Conference At Winnipeg

Move to Invite Delegates to Make Tour of the West

Edmonton.—Council of the Edmonton board of trade has decided to take the initiative in a movement to interest western boards of trade in leading delegates to the National Economic Conference make a tour of Canada from Winnipeg to the Pacific coast. The economic conference is to be held in Winnipeg, November 16 to 18. It is expected those in attendance will include foremost political economists from all parts of the Dominion.

New Race Discovered

London.—Prof. R. N. Goodall claims to have found a new form of people on the River Pura, Western Siberia. He says there are five persons containing more than 500 genes. They call themselves "Nogai," which means new people. They have dark hair and complexion and their language is different from that of any of the tribes of the Western Siberian jungles.

More Communists Arrested

London.—Scotland Yard has announced the arrest of Arthur McNamara, chairman of the Communist party in Great Britain, and John Thomas Murphy, a frequent contributor to the Communist press, on charges of conspiring to incite sedition and mutiny.

Unusual Charge For Arrest

Jefferson City, Mo.—Lieut. Fred C. Nelson, United States army air service, killed arrest on a charge of "driving, killing and capturing a Canadian woman, and with the aid of an aeroplane." The unusual complaint was filed by a federal game warden.

## Disarmament Move Would Be Welcome

Suggestion Is Good One Is Opinion of London Editor

Chicago.—If President Coolidge should initiate and carry through a movement for world disarmament at this time, he would be considered as "one of the greatest benefactors of mankind."

A. E. Owen Jones, London, Editor of The Pictorial Magazine, and of The British Printer, so declared in an address opening the 38th annual convention of the United Typothetae of America.

"If for no other reason than an economic one," he said, "we welcome with enthusiasm the suggestion that President Coolidge should initiate a movement for disarmament."

## Australia Reserves Decision

CabinetAwaiting Government Approval On Loan For Post Office

Sydney, N.S.W.—Commenting on the security pact Premier Bruce emphasized the fact that the agreement specifically affects the British Dominions and India from the obligation therein contained but makes provision whereby the Dominions can endorse the pact if they so desire. The question of Australia's acceptance of commitments can only be determined by the Commonwealth Parliament, and the Australian cabinet has not yet reached a decision on the point he said. "It will not assume any commitments under the pact without parliament's express approval," he declared, and only after the fullest discussion and consideration.

## Dominion To Be Represented

Canada Sending Radio Delegates To U. S. Meet

Ottawa.—The department of marine and fisheries will be represented at the fourth United States radio conference at Washington, commencing on Monday, 8, by J. P. Edwards, director of radio for Canada.

The conference is being called by the United States department of commerce, primarily to discuss radio matters in the United States, but following the precedent of previous years, Canada, Mexico and Cuba have been asked to send representatives in order that there may be co-ordination in the development of radio in North America.

## France Carries On Costly War

Heavy Losses in Connection With War On Morocco and Syria

Paris.—France has lost more than 17,000 men and has spent 3,000,000,000 francs in Morocco and Syria since she took over the protectorate and assumed the League of Nations mandate over Syria.

Such is the information imparted to the finance committee of the Chamber of Deputies by Premier Painleve. In Morocco 2,176 men were killed and 8,295 wounded, and in Syria 6,226 were killed, wounded or are missing. The cost in Morocco has been \$50,000,000 francs and in Syria more than 2,000,000,000 francs.

## WHEAT POOL OF SASKATCHEWAN SUBMITS REPORT

Regina.—Slightly over half a cent a bushel, or \$13.21, was the cost of the first year's production, ending July 21, 1925, of the Saskatchewan wheat pool, according to the directors' report presented at the first annual meeting of the pool delegates held here. Altogether 147 delegates were present.

The expenses were summarized in the financial statement as follows: Management, \$98,745; Regina office and salaries, \$195,500; Winnipeg office and salaries, \$25,890; adjustment of pool and market prices with elevators, \$141,947; sundry, \$6,904; preliminary expenses of wheat pool, \$28,857; preliminary expenses of coarse grains pool, \$2,020; total, \$478,574, less earnings, \$155,054.

The full deduction of two cents a bushel for acquiring handling facilities was made amounting to \$588,238. The board also decided that the full deduction of one cent for creating a market reserve amounting to \$758,462, be made. This money was loaned to the central selling agency at six per cent interest.

Among the visitors at the meeting were Colin Bursell, president of the Manitoba wheat pool; D. L. Smith, Winnipeg, sales manager of the central selling agency; S. J. Farmer, Winnipeg, director of publicity for the central selling agency; John Hill, Winnipeg, director of publicity for the Manitoba pool.

## PROVE IT TO FIN WHEAT WHICH WILL RESIST RUST

Moore Jay.—"Have patience; do not try to hurry the agricultural scientists engaged in fundamental research work. There are 17 different kinds of rust which will attack growing wheat in Canada and it is a big problem to find a variety of wheat which will resist all kinds of rust and produce satisfactorily." This was the message delivered by Dr. Charles Saunders, Dominion cerealist and discoverer of Marquis wheat, when he addressed a joint meeting of Moore Jay Agricultural Society, Board of Trade and Men's Canadian Club here. J. L. Bryant, president of the Ottawa Canadian Club, was in the chair.

J. L. Bryant introduced the speaker as a specialist who had discovered Marquis wheat and made it possible to conduct successful farming operations on the western plains.

"I am touched by the welcome which I have received in Saskatchewan," declared Dr. Saunders in opening his address. "I feel that I am a guest in a Canadian agricultural development and find sufficient reward for my efforts in the appreciation of the wheat." He also expressed the opinion that the pension granted to him was due to the work of the western people, especially those living in Saskatchewan, and he thanked them.

Dr. Saunders discussed the development of wheat breeding into three lines:

1. 1883-1902.—Dr. Saunders, Sr., introduced wheat at Ottawa.
2. 1902-1922.—Dr. Saunders, the speaker, carried on the work.

3. 1923 to present.—The development of a satisfactory rust-resistant wheat being made by experimental work.

## Association Of Canadian Clubs

Central Headquarters Are Now Located In Ottawa

Ottawa.—Permanent headquarters of the Association of Canadian Clubs have been located in Ottawa. At the recent convention held at Fort William and Port Arthur, certain changes were made with a view to centralizing movement. The carrying out of these changes was left to the national council of the association.

The following executive committee will have charge of the association's affairs for the present year: C. G. Moore, president; J. L. Bryant, vice-president; J. P. Edwards, secretary; J. L. Bryant, president of the Ottawa Women's Canadian Club; Hon. Mr. Justice Rinfret, Supreme Court of Canada; Dr. S. J. McLean, assistant commissioner of the railway commission; G. A. Gray, central treasurer.

The executive committee has appointed A. Greene as permanent secretary. Mr. Greene has been nominated as an honorary secretary of the Ottawa Canadian Club.

## Increase In Pulp Exports

United States Will Soon Depend On Canada For Newsprint Supply

Montreal.—Canadian newsprint exports of pulp and paper to the United States, more than any other reason had been the main factor in bringing the Canadian dollar back to par and maintaining it at its proper value, declared speakers at the eighth annual convention of the Canadian Paper Trade Association, here.

R. I. Finlay, president of the association, said exports were growing by leaps and bounds, and the time was not far distant "when the United States would be entirely dependent on Canada for its newsprint."

Foot and Mouth Disease in Britain

Ottawa.—An outbreak of foot and mouth disease among cattle near Manchester, England, has been reported to the department of agriculture. As a consequence of the outbreak, no cattle will be allowed to land near the port of Manchester. There have been no other changes in the regulations governing cattle shipments and the Canadian export trade is proceeding normally.

## Japanese Trade Competition

Chicago.—Great Britain's army of unemployed is great because of the industrial growth of Japan, the United Typothetae of America's convention was told by A. F. Goodwin, of London. Mr. Goodwin is director of the American Association of Master Tailors of the United Kingdom and Ireland.

Japanese competition with Great Britain is especially keen along textile and machinery lines, Mr. Goodwin said.

Negroes in the Harlem section of New York City own real estate worth \$40,000,000.

## Here and There

In the last fiscal year 5,843 home-  
stead entries were granted in the  
Prairie Provinces, aggregating an  
approximate area of 614,880 acres,  
while, in addition, 710 soldier grants  
of 113,600 acres, make up a grand  
total of 728,480 acres so settled.

In 1915 Canada exported no wheat  
to China. In 1916 she sent only eight  
bushels to Japan. In 1924 China  
imported over 5,000,000 bushels of  
Canadian wheat and over 1,500,000  
barrels of flour, while Japan took  
7,000,000 bushels of wheat and 110,  
000 barrels of flour. It is predicted  
these figures will be well beaten for  
the current year.

The Grand Challenge Cup, emblem-  
atic of the First Aid Championship  
of the entire system of the Canadian  
Pacific Railway, will be competed for  
at the Place Viger Hotel, Montreal,  
November 15. The champions in a  
knock-out competition among Eastern  
and Western teams respectively,  
will fight it out for the trophy.

Plans are already being laid to  
make the 1925 Eastern International  
Dogfight Derby an even greater suc-  
cess than in any previous year, and  
it is reported that the prize money  
will be considerably increased next  
winter, with the object of attracting  
more teams and mushers from the  
West and the United States.

Fire Prevention Week, October  
4-10, was observed throughout the  
Dominion, and to mark the sense of  
the importance of the occasion Mr.  
Grant Hall, vice-president of the  
Canadian Pacific Railway, broadcast  
an appeal by wire to every officer  
and employee of the system "to co-  
operate as in the past and set a good  
example by thoroughly cleaning up  
all premises."

Canada's great outlook, says a re-  
cent issue of the London Outlook, is  
that she wants more people, but of  
the right type, namely, steady agri-  
cultural workers with enterprise,  
initiative and endurance. Enthusiastic  
letters from emigrants under the  
joint scheme of settling 3,000 fami-  
lies in Canada are bound to have their  
healthy effect on president and  
friends dissatisfied with their lot in  
England.

E. F. L. Sturges, general Pas-  
senger Agent for the Orient of the  
C.P.R., with headquarters at Hong  
Kong, has been appointed Assistant  
General Passenger Agent of the sys-  
tem at Montreal. His duties com-  
menced here in October. He was re-  
lieved of his other work owing to  
ill-health, but the climate of Canada  
soon restored him to physical well-  
being. He has a long record of ser-  
vice with the C.P.R., dating back to  
his first appointment at Saint John  
in 1894.

Sixty bushels of wheat at every  
tick of the clock is the rate at which  
the Canadian Pacific Railway have  
carried the grain into the elevators  
this season. To keep up this unpre-  
cedented rush, it has been necessary  
to move one car-load of grain out  
of Winnipeg at every one minute  
and twenty-three seconds of the  
twenty-four hour day. Grain de-  
livered at the head of the lakes by  
the Canadian Pacific in September  
alone would fill a fleet of 200 ships,  
each with a cargo of 200,000 bushels.

## Window Display

Well Dressed Windows Yield  
Surprising Returns

The majority of merchants be-  
lieve the lack of the window should  
shut off a view of the interior of the  
store. This keeps goods in the  
windows free from dust, serves to  
focus the attention of passers-by  
upon the display and prevents peo-  
ple inside the store from staring at  
those who are looking in the win-  
dows.

A well-lighted window sells goods  
long after the store is closed. Avoid  
glaring lights. The light should be  
thrown upon the goods, and the  
smaller articles placed in front to  
prevent deep shadows before the  
goods.

Goods should be changed at least  
once a week. This keeps up inter-  
est of customers and acquaints them  
with the varied stock you carry.  
Moreover, goods left in the window  
too long become soiled or faded.  
Show goods which manufacturers  
are advertising in your local paper.  
People have come to have faith in  
the confidence of well advertised  
goods, and seeing such goods in  
your windows gives them confi-  
dence in your store.

Your windows should never be  
used as a place to advertise such  
events as a professional, theatrical  
performance or a circus. Billboards  
are the proper place for such ad-  
vertising.

Display some of the goods you  
are advertising in your show win-  
dows. People who see your adver-  
tisement and then notice the goods  
on display are immediately inter-  
ested.

Show your price boldly. Most  
people weigh carefully before de-  
ciding to buy and when no price is  
shown they assume it is so high the  
merchant is afraid to show it.

## Bye-elections to be Held

Bye-elections to fill the six va-  
cancies in the Alberta Legislature  
created by the resignations of mem-  
bers who have entered the federal  
field, will be held before another  
session, but as yet no date has been  
fixed for these elections. The va-

cancies in the house were created  
by the resignations of the following  
members:—

C. W. Cross, Edmon; S. G. To-  
bin, Leduc; T. C. Milne, Clares-  
holm; A. R. McLennan, Edmon-  
ton, Leduc; and Dr. Stewart,  
Lethbridge, Couerative, and W.  
M. Davidson, Calgary, Indepen-  
dent.
